

# SOUTHSIDE SPEEDWAY

## 2018 TRANSPONDER RULES

1. Transponders will be used for the 2018 season and beyond at Southside Speedway. Transponders are mandatory for all divisions.
2. Drivers who do not have transponders may borrow one from another driver.
3. Mounting Instructions:
  - a. All transponders shall be mounted 72 inches, plus or minus 2 inches from the front edge of the front bumper, measured from the center of the car.
  - b. You must make sure there is a direct signal to the ground with no object between the transponder and the track surface.
  - c. You must register your number and test your transponder with track officials.
  - d. Transponder mounted in any location other than described above will be subject to disqualification.
4. Drivers are responsible for any transponder damage if using a track transponder.
5. Results may be viewed on [mylaps.com](http://mylaps.com).
6. Finishing positions as determined by the transponders may be overruled by track officials if there is a clear difference at the finish line.

**\*\*\*These rules are for use at Southside Speedway only. No unauthorized use, reproduction, publication, or printing allowed for any other speedway without the expressed written consent of Southside Speedway management and officials.**
